Administrative Search Announcement

ELEMENTARY SCHOOL PRINCIPAL
NCIC-Immersion School
Shenzhen, China

January 29, 2018
Overview of School

The NCIC-Immersion School is an independent division out of the Nanshan Chinese International College, which opened in 2016. Located inside the campus of one of the top independent schools in the city, the school began with Kindergarten to Grade 2 lower elementary program in its founding year adding new grade levels each year with the aim of providing a Kindergarten through Grade 8 program. NCIC-Immersion uses a standard-based curriculum, adopting the Common Core States Standards for its framework. The school promotes a dual language immersion model based on current language research and is committed to action research as part of the World Language Initiative for English as an Additional Language.

Mission

NCIC-Immersion provides a holistic education that balances social, emotional, academic and physical success through a challenging and progressive learner-centered program, nurturing our learners to become skilled Negotiators, Collaborators, Inquirers, and Complex Thinkers in a changing world.
Location

Shenzhen is a major city in the Guangdong Province, China, located in the Pearl River Delta. Situated immediately north of Hong Kong Special Administrative Region, the area was China’s first Special Economic Zone instituted in late 1979 as a result of the policy for reform and opening. Shenzhen was one of the fastest growing cities in the world during the 1990s and 2000s. Current metropolitan area population is over 18 million. The city is a major financial center in southern China, and is dubbed as China’s Silicon Valley due to its high concentration of technology companies. The newly established Guangdong Pilot Free Trade Zone - Shenzhen Qian Hai area is intended to deepen liberation of trade services between Guangdong, Hong Kong and Macau, and to streamline foreign investment and cooperation. In the decade to come, Shenzhen will continue to see growth and development.

Our Learning Culture

We work to build capacity for learning in three main areas. Building capacity in conceptual learning: thinking in terms of big ideas and the relationships among them. Building capacity for competency learning: acquiring and improving on the key skills necessary for success. Building capacity for character learning: developing a positive moral identity as an expert in the business of being human.
We believe this capacity building will lead to our students becoming lifelong...
