ISH is a wonderful school of 350 students from over 50 countries serving the diplomatic and expatriate families living in Havana. We are currently accredited by NEASC, deliver the IGCSE and IBDP programs and are members of CIS, AASSA and the Tri-Association. Over the past four years an enormous amount of development work has taken place including the launching of standards based assessment and reporting, systems thinking and sustainability, instructional coaching, guided inquiry, Cognitive Coaching, Adaptive Schools, and more. We opened a newly renovated high school campus this year and are developing a master plan for our Early Years to Grade 8 campus for the future. Plan 2023 is our recently developed four year strategic plan which is a comprehensive road map for the school's development as we move forward.

Cuba is an incredible country with welcoming, highly educated and resilient people. In spite of the various challenges of living here, it is enriched by a vibrant culture, great beaches and lots to see and do.
