## Two Milestone Anniversaries: EARCOS and NESA

Happy 50th Anniversary to two outstanding organizations: **East Asia Regional Council of Schools (EARCOS)** and **Near East South Asia Council of Overseas Schools (NESA)**. Congratulations! We salute Dick Krajczar for his many years of distinguished leadership at EARCOS. NESA's distinguished leadership includes Stanley and Mary Anne Haas, David Chojnacki, and Madeline Hewitt. We hope many had the opportunity to celebrate during their fall conferences!

## Registration for ISS-Schrole Advantage Job Fairs is Open

This recruitment season, we will host three in-person and two virtual job fairs. Registration is now open for all job fairs, including our iFair® on November 17.

[Register for the 2018-19 fairs](#)

The iFair® is a virtual recruitment fair that makes it easy for job-seeking educators and international school recruiters to meet, chat, and interview. Attending an iFair® requires no software download and no need to travel beyond your home. You just need Wi-Fi to join a vibrant world of international recruiters and candidates seeking to find and fill school positions.

## National Distinguished Principals 2018

*Congratulations Tim Messick and John Smithies*

The 2018 National Distinguished Principals Program was held October 11-12, 2018 in Washington, DC. The US based National Association of Elementary School Principals established the program in 1984 to recognize and celebrate elementary and middle level principals in the United States, who set high standards for instruction, student achievement, character, and climate for the students, families and staff in their learning communities. From the beginning of the Award program, two outstanding principals have also been selected from international schools that are assisted by the Office of Overseas Schools of the United States Department of State. This year's recipients are Tim Messick, elementary principal of the American School of the Hague (ASH) in The Netherlands, and John Smithies, elementary principal of The American School of Bombay in India.

## Join #ISSedu Twitter Slowchat: Agile Spaces

From November 7 -13, we'll be releasing a question a day on Twitter to explore how educators around the world are thinking about, using, and reinventing agile spaces in their schools. Join this easy-paced conversation and connect with other #ISSedu educators!

## Connect with ISS leaders at NESA, EARCOS and MAIS

As ISS leaders travel to fall conferences, they looking forward to learning from other educators and leaders, reconnecting with friends of ISS, and building new relationships. [If you are at any of these upcoming events, be sure to say hello!](#)

### Meet Gina Lappé

After dreaming of teaching abroad for 6 years, Gina has made the move to South Korea. [Catch up on her journey!](#)
