

ISS-CGC Monthly Conversation

Open to international schools that are owned, operated or managed by ISS.

Kevin Bartlett (CCG) and Laura Benson (ISS) are hosting a "Conversations with CGC" meeting each month exclusively for ISS schools to share the latest efforts and updates, including new Modules generated from this summer's curriculum writing Hackathon and a variety of resources and tools from the CGC Playbook.

During these meetings, ISS schools' CGC efforts and accomplishments will be showcased. These gatherings will also be a supportive time to ask questions and offer recommendations for how we can best serve and support your school and community.
